ALLIES SMASH BACK AT GERMAN COLUMNS

Enemy Successfully Held at All Points Dispatches Report

By DANIEL DE LUCE

Allied Headquarters in North Africa, Feb. 23.—(P)—British and American tanks and infantry in the hills north of the Kasserine Gap had stopped Marshal Erwin Rommel's most dangerous thrust within four miles of Thala today, while Allied troops with strong American air support had beaten back his attack toward the west in central Tunisia.

One of the bitterest battles of the Tunisian war still raged near Thala, 25 miles north of Kasserine and the gateway to the strategically located Kramamsa plateau near the Tunisian-Algerian frontier, where British tanks and American gunners stubbornly held off desperate Nazi attempts to gain the Thala road junction and crack the Allied front.

Making another stab from Kasserine Pass toward Tebessa, 12 miles west of the Tunisian-Algerian border, a Nazi column of 40 tanks, motorized infantry and mobile guns ran into a murderous American fire on the road winding past the Ojebel Hamma.

Bombed by continuous relays of American warplanes and shelled by American guns, this column late yesterday turned back toward its assembly port after suffering a "considerable" number of casualties and losing many tanks.

(Meanwhile, no specific report on the activities of the ground forces of the British Eighth Army of Gen. Sir Bernard L. Montgomery, last announced attacking outposts of the Mareth Line in southern Tunisia, was made today.)

Indicating that Rommel has not yet given up hopes of smashing the entire Allied front back into Algeria, one strong patrol in the northern sector attacked British positions three miles east of Robaa, 75 miles northeast of Kasserine.

Accurate gun fire scored direct hits on the Nazis and they broke off the action but not before losing a large number of men in killed, wounded and prisoners, it was reported.

The British First Army in the north had become an Allied organization with Americans and British fighting side by side.

Bombers and fighters from Allied bases made a swift sea sweep off the Tunisian coast and attacked a convoy of two supply ships with a naval and air escort, the war bulletin said. One of the supply ships was sunk and three of the protecting planes were shot down.

The communiqué said 11 Allied planes were lost yesterday in the heavy air activity.

The check, at least temporary, to Marshal Rommel's armored spearheads attempting to drive a wedge between American and British forces was foreshadowed late yesterday when an Allied spokesman said the Germans were "showing signs of exhaustion" under the heavy pounding from Allied tanks and artillery in the hills.

Rommel had managed, however, to get to within four miles of Thala, gateway to the Kramamsa plateau, a natural theatre for tank warfare, before he was stopped.

Another German column was pointed at the strategic Allied base at Tebessa in Algeria and still another apparently was assigned to take Siba, where French forces have been holding firm despite German thrusts to within six miles of the town.

WAR BULLETINS

Washington, Feb. 23.—(P)—The navy announced today 63 casualties in navy forces, including 10 dead, 8 wounded and 47 missing. This brings to 23,615 the total of navy, marine corps and coast guard casualties reported to next of kin since December 7, 1941. The grand total includes 6,645 dead, 4,470 wounded and 12,500 missing.

Washington, Feb. 23.—(P)—The Civil Aeronautics Administration has invited more than 200 flight schools to contract for training army aviation cadet candidates participating in the army college program and for training non-combatant elementary and advanced army reservists.

Washington, Feb. 23.—(P)—American bombers have smashed at Japanese bases in the North and South Pacific, starting fires at Munda in the Solomon Islands, the navy announced today. All United States planes returned safely from the attacks.

Philadelphia, Feb. 23.—(P)—Lieut. Commander James C. Dempsey, U. S. N., who commanded the last submarine to leave Corregidor before it fell, is home with his wife and four-year-old son today for the first time in three years and three months.

New Delhi, India, Feb. 23.—(P)—RAF bombers raided Akyab and Pauktawgyi in western Burma yesterday and then roared back over Mingaladon airdrome, near Rangoon, in a night raid, the British announced today.

Allied Headquarters in Australia, Feb. 23.—(P)—Fifteen tons of bombs, including some 1,000-pounders, were dropped on Malahang airdrome and nearby villages in the Lae area of New Guinea yesterday as Allied planes made a wide offensive sweep over New Guinea, New Britain, the Solomons and the Admiralty Islands, an Allied communiqué said today.

Washington, Feb. 23.—(P)—Senator Willis (R-Ind) today accused the government of "disgracefully and shamefully" multiplying its own use of paper while calling on newspapers and magazines to curtail their newspaper consumption.

Washington, Feb. 23.—(P)—Congressional foes of military expansion, spurring separate investigations of manpower shortages, today attributed the severity of the new ration allowances chiefly to induction of farm workers into the armed services.

Order Issued To Battle "Scare" Buying

STALIN PUTS NAZI DEAD AT FOUR MILLION

Says Lack of Second Front Places Whole Burden Of the War On Red Army

BITTER FIGHT REMAINS

BY EDDIE GILMORE

Moscow, Feb. 23.—(P)—Premier Joseph Stalin, hailing Russia's military forces on their 25th anniversary as "an army of avengers," said today that "in view of the absence of a second front in Europe the Red army alone is bearing the whole weight of the war," and ordered a fight to the death against the German invaders, 4,000,000 of whom he said the Russians had killed in 20 months.

Stalin reviewed in an order of the day Russian defeats and successes since Germany's invasion of Russia in June, 1941; assayed the shrinking German chances of success; derided German strategy, and warned his people that a bitter fight remained.

"The enemy has suffered defeat but he is not yet conquered," Stalin said. "The German Fascist army is experiencing a crisis because of the blows it has received from the Red army, but this does not yet mean that it cannot recover."

"x x x The Red army has before it a severe struggle against the cunning, cruel, and as yet strong enemy."

But, said Stalin, "the fact is, Fascist Germany is becoming more and more exhausted while the Soviet Union is more and more developing its reserves and becoming ever stronger. Time is working against Fascist Germany."

Since the beginning of the war, the Russians have put out of commission about 9,000,000 German officers and men, "of which no less than 4,000,000 were killed on the field of battle," he declared.

(President Roosevelt, in a congratulatory message to Stalin, said "the Red army and the Russian people have surely started the Hitler forces on the road to ultimate defeat and have earned the lasting admiration of the people of the United States.")

Score Still Missing In Plane Crash

Lisbon, Feb. 23.—(P)—The trans-Atlantic flying boat Yankee Clipper is at the bottom of the Tagus river here today after a landing crash yesterday at the end of a flight from New York in which four persons were reported dead and 20 missing.

Sixteen other persons—including passengers and crew members—were rescued, but a number were injured. All four women passengers aboard were saved.

Among those rescued was a woman whose name was given as Jean Froman, radio singer. (In New York, however, the woman was identified as the well-known radio performer, Jane Froman, by her husband, Donald Ross, who said he had received confirmation that his wife was in the crash.)

Capt. R. O. D. Sullivan, who was in command of the flying boat, was among the injured at hospitals here, but he was unable to fix the cause of the disaster.

Port officials said there was little wind and almost no rain as the plane arrived, but that the air was heavily loaded with electricity.

He proposed the signal to James M. Landis, national director of civilian defense, here to speak at a centennial dinner of B'Nai B'Rith.

Widespread confusion followed last week's drills in Pennsylvania and in New Jersey and the New York area, after which the all clear was broadcast by radio stations only.

Church bells for all clear are suggested

Philadelphia, Feb. 23.—(P)—Judge Harry S. McDevitt, executive director of the Philadelphia Council of Defense, thinks church bells should sound the all clear after air raids or drills.

Flanked by Mrs. Roosevelt and Brig.-Gen. John Lewis, Madame Chiang Kai-shek stands solemnly while her nephew, L. K. Kung, places her wreath on the tomb of the Unknown Soldier at Arlington National Cemetery in commemoration of George Washington's birthday.

U-Boat Still Real Menace Knox States

Every Available Weapon Being Used to Clear Atlantic of Subs

TWO REPORTED SUNK

Washington, Feb. 23.—(P)—The navy announced today the sinking of a German submarine in the Atlantic and a Japanese submarine in the Pacific and Secretary Knox said that every available weapon is being used to bring the Atlantic U-boat menace under control.

Knox told a press conference that generally speaking losses of United Nations merchantships in the Atlantic have been much lower in the last three months but the submarine, he declared, "most emphatically still is a very grave menace."

The two sinkings announced today, the secretary said, are not isolated cases but of other subs believed to have been successfully attacked at least a percentage would have to be classified only as "probably sunk." The navy still declines to issue the total number of enemy subs destroyed or believed to be destroyed, for security reasons.

The secretary said he is sure that despite the U-boats being destroyed the Germans are still building them faster than they are losing them. In the present situation, he added, "there is nothing on which to predicate any sanguine hopes for early stoppage or cure of the menace."

Of the two enemy subs reported destroyed today as having been destroyed, the German U-boat was sunk in a fight with a destroyer (Turn to Page Seven)

Troops Will Help Harvest

Washington, Feb. 23.—(P)—The first use of military units as emergency farm labor was authorized today in an army order for troops in Arizona to help harvest the long staple cotton crop.

"The importance of this crop as an indispensable war material," said the army's announcement, "impelled war department action as a matter of military necessity."

White and negro soldiers from nearby army posts will be used in Pinal and Maricopa counties, Arizona, the army said, to relieve an emergency situation arising from the shortage of farm labor. The orders are effective immediately, but officers said there was no information here on the number of troops to be employed.

On Capitol Hill Lieut. General Joseph T. McNarney assured farm state senators the army stands ready to furnish troops to meet "any farm production emergency."

McNarney, deputy chief of staff, went before a senate agriculture subcommittee as congressional foes of military expansion attributed the severity of the new food rationing allowances chiefly to induction of farm workers into the armed services.

Here's What to Plant In Your Small Garden

Harrisburg, Feb. 23.—(P)—The State Council of Defense victory garden committee today urged Pennsylvanians with only small garden plots available to concentrate on tomatoes, carrots, beets, lettuce and string beans.

Mrs. H. B. Ellison, chairman of the committee, said these vegetables are easiest to grow in small gardens. More space is needed, she said, for such foods as sweet corn, peas, lima beans and potatoes.

Victory garden committees of local defense councils will offer technical advice to gardeners and also assist in obtaining plots.

Sea Disaster Leaves Nation Mourning 850

Slight Hope for Rescue of Any Survivors of Atlantic Sinkings

SERVICE MEN VICTIMS

Washington, Feb. 23.—(P)—America's worst loss-of-life sea disaster of the war left the nation today grimly counting as "known dead or missing" more than 850 persons—all of whom presumably perished in the torpedo-sinking of two passenger-go ships in the North Atlantic early this month.

The navy's story yesterday of how the two American ships, carrying military personnel and civilian war workers overseas, were sunk in a four-day period left little hope that those unaccounted for could have survived the seasonally stormy North Atlantic gales.

Most of the casualties were army and navy officers and men, or members of the marine corps and coast guard.

Striking under cover of night in both cases, the sub assaults claimed more than 600 killed or missing in first torpedoing a ship with more than 900 aboard, in (Turn to Page Seven)

Nutritionist is Not Worried Over Ration

Baltimore, Feb. 23.—(P)—For the benefit of those viewing with alarm impending rationing of processed foods, Dr. E. C. McCollum, nutritionist at the Johns Hopkins University, asserted today the health of the nation would be unimpaired and the measure would work no real hardship.

People need not even lose weight, he declared.

"We have been pampered by the greatest abundance any race has ever known, and it will not hurt us at all to simplify our standards. It is true there will be less variety and less palatability, but we must accept that x x x. Other nations have suffered much more severe restrictions," the nutrition expert said.

President Warns of Further Reverses and Misfortunes Still Confronting Nation

By KENNETH L. DIXON

Washington, Feb. 23.—(P)—President Roosevelt's flat warning that the American people "still face reverses and misfortunes" in war today re-echoed against the grim sounding-board of a record sea disaster and new food regulations on the home front.

Seeking to puncture what he saw as a bubble of optimistic reaction to Russian victories, the president in a Washington's birthday address

REDISTRICTING PROPOSAL IS UNDER STUDY

Bill Would Re-Establish Almost Same Congressional Setup That Formerly Existed

BUDGET ABOUT READY

Harrisburg, Feb. 23.—(P)—A bill ready for introduction in the legislature would re-establish almost the same congressional district setup existing before last year's reapportionment, a high Republican leader disclosed today.

Apparently backed by the GOP majority, the measure will be offered possibly this week to carry out Governor Martin's recommendation for enactment of "a fair and equitable" redistricting plan.

The new proposal, said an informant who declined to be quoted, would eliminate one of Philadelphia's seven districts.

Last year's reapportionment was carried out to cut the state's delegation from 34 to 33 as required by failure of Pennsylvania to keep step in population gains. The legislature put through a makeshift plan after months of argument with 32 congressmen being elected by districts and the other on a statewide basis.

Republican chieftains of both legislative branches agree on the need for reapportionment but Charles H. Ealy, president pro tempore of the senate, says "the trouble is everyone wants to see the other fellow's district chopped up."

Aside from reapportionment study, only routine activity was indicated in the legislature as it awaited Governor Martin's budget for operation of the state government.

The chief executive had planned to submit the budget this week but said it would not be ready until next Monday.

The senate got a flare of speech-making as it returned last night for its eighth week as two Democrats challenged qualifications of H. J. Parker, University of Pennsylvania professor recently appointed to the Public Utility Commission.

Senator H. Jerome Jansan (D-Philadelphia) called for an investigation of Dr. Parker's record by a bipartisan committee, declaring "I'm inclined to believe that this nomination is utility dictated."

Senator Elmer J. Holland (D-Allegheny) asserted the professor was a paid witness for three utilities (Turn to Page Seven)

Claim Finns Ready To Quit

BY EDWIN SHANKE

Stockholm, Sweden, Feb. 23.—(P)—Finland, wearied by a war she was ill-prepared to support, is believed by reliable sources here to be ready to make peace with Soviet Russia. But only on terms which would guarantee her people the freedom and independence they have enjoyed since the first World War.

Reports reaching Stockholm through various channels indicate the situation in Finland is rapidly developing to the point where the Finns would like to contact the Russians through some intermediary, preferably America.

Finland is said to feel that she is not bound to Germany by any scrap of paper and that a move for a separate peace on her part could not be interpreted by the Axis as a stab in the back.

UNAUTHORIZED STRIKE

Johnstown, Feb. 23.—(P)—District Director Eugene Maurice of the United Steelworkers of America (CIO) estimated today more than 1,000 employees of the Carnegie-Illinois Steel Corporation plant here were idle today in what he termed an unauthorized strike.

CEILINGS ON MAJOR FRESH VEGETABLES

Tomatoes, Green and Waxed Beans, Carrots, Cabbage and Peas Included

REGULATE EGG PRICES

Washington, Feb. 23.—(P)—Nearly 95 per cent of all the food that goes on American tables is under government price control today, as the result of an emergency order to combat "scare" buying of fresh vegetables.

Reaction to the week-long pre-rationing freeze on canned goods, coupled with reports of some damage to southern crops, led the Office of Price Administration last night to nail the price levels of five major fresh vegetables—tomatoes, green and waxed snap beans, carrots, cabbage and peas.

Beginning today, no dealer may charge more for these vegetables than he did during the five days between last Thursday and Monday of this week—Feb. 18 to 22.

Following this action, the OPA today established wholesale prices for eggs, a move the agency said would result in slightly lower costs to consumers immediately but a higher year-round average price of about one to two cents a dozen. A fixed mark-up regulation will establish the prices consumers will pay.

Ceilings also will be placed on such seasonal items as sweet corn and spinach before they are ready for market, OPA said, and possibly on celery and lettuce.

The only outstanding uncontrolled food now is fresh fish.

Declaring last night's sudden action was taken to "avert further sharp speculative price advances," OPA said some market reports indicated as much as a 35 per cent rise in fresh tomato prices during the last several days.

The order, which will be replaced by permanent regulations within the next 60 days, covers all dealers except the grower. Sample checks of retail price levels in all major population centers are being made and will be continued as an enforcement measure.

The action followed announcement of the ration point values of (Turn to Page Seven)

Bloc Presses For Plans To Aid Farmers

BY WILLIAM F. ABROGAST

Washington, Feb. 23.—(P)—A militant farm bloc pressed ahead on the house floor and before two committees today with its announced program of increasing food production and boosting farm income.

Scheduled for consideration and a final vote during the day was the bill of Rep. Pace (D-Ga.) to take restrictions off the production of peanuts and to permit the use of excess wheat and corn for feeding purposes without payments of penalties.

The rules and military committees meanwhile considered requests of Pace and Chairman Fulmer (D-SC) of the agriculture committee that they expedite legislation to grant draft deferment to farmers and include increased labor costs in computing parity, a price designed to give farmers an equitable share of the nation's purchasing power.

Rep. Rogers (R-Mass) pressed for early consideration of a bill to set up a "National Farm Army" composed of young boys and girls who would volunteer to help out on the farms.

Flannery said that he could not elaborate but that he might have a statement later as "a lot of things are taking place today."

Union Chiefs Attack Bill

Harrisburg, Feb. 23.—(P)—Organized labor forces of Pennsylvania appearing before a senate committee today attacked a measure to require unions to open their records to the public as a "vicious anti-labor bill" and as "a disturbing factor in the present unified national situation."

Both James L. McDevitt, president of the AFL Pennsylvania Federation of Labor, and John A. Phillips, president of the CIO Pennsylvania Industrial Union Council, spoke against the pending bill at a hearing held by the labor and industry committee in a crowded senate chamber.

The bill would require unions to open their membership lists to the state secretary of labor and industry as well as member; keep accounts open to the state and members showing sources of all income and file an annual financial statement with the secretary of labor and industry.

Before the hearing opened, Senator George Woodward, sponsor of the measure claimed support for it of "the rank and file union members in the anthracite region especially."

Copper Need Great -- Scrap Being Sought

Mr. B. W. Knapp, chairman of the local Industrial Center Organization (ICO) for industrial salvage today announced that O. C. Rogers, regional chief of the Industrial Salvage Branch, War Production Board, returned from Washington yesterday, where he attended a conference of regional chiefs devoted to outlining program, policy and special methods of handling industrial salvage projects in 1943.

Industrial salvage must produce a very large percent of the scrap necessary to keep America's steel mills, copper and aluminum plants at peak war operation during the year.

Copper scrap, the regional chiefs learned from Hamilton W. Wright, chief of the Industrial Salvage Branch, WPB, which brought the conference together, is the number one industrial salvage problem for 1943.

Iron and steel scrap collection cannot be neglected, however, the regional chiefs learned at the Washington meeting from Paul C. Cabot, director of the Salvage Division, because 13 million tons of iron and steel scrap will be required by the nation's steel mills in the first half of 1943. Dormant scrap must fill a large part of this need, Mr. Cabot said.

The Washington meeting of regional chiefs was held on February 16 and 17 for Eastern Regional Salvage Managers, and on February 18th and 19th for Western Regional Salvage chiefs. The regional chiefs heard explanation of the objectives, methods, operation of fieldmen and the system of reporting progress in the vertical projects of the Industrial Salvage Branch, which cover railroads, petroleum, mining, public utilities, chemicals and motor transportation industries. Similar information was conveyed concerning the government's own industrial salvage program, covering shipyards, army and navy and governmental agencies.

An additional condition under which the owner or purchaser of residential property may secure the eviction or removal of a tenant was announced today by Prentiss M. Brown, OPA administrator, through Herman J. Faquin, Area Rent Director of Jamestown and Warren Defense Rental Areas, comprising Chautauque and Warren counties.

Under the amendment to the regulations the administrator may issue a certificate for occupancy by a purchaser who has acquired his rights in the housing accommodations on or after October 20, 1942, if it is found "that equivalent accommodations are available for rent, into which the tenant can move without substantial hardship or loss."

When this condition is shown, in other words, when the purchaser or original owner can find "equivalent accommodations" for a tenant, the administrator can issue the certificate for occupancy without the down payment of one-third of the purchase price or the expiration of three months.

Real Estate operators and property owners have been urging that some such amendment to the regulations should be invoked for some time. They had pointed out that when other accommodations are available for tenants it was unfair to the purchaser of a property to keep him from occupying his newly acquired property.

Urge Donors Of Blood Soon To Sign Rolls

Melvin G. Keller, chairman of the Red Cross blood bank donor committee, reports March 23-24 as dates for the next visit of the blood bank equipment to this community.

Under a new program being set up in this phase of Red Cross activity, the bank would visit here each third Monday and Tuesday in succeeding months of the year and a total of 1,050 need donors would be necessary to maintain the requirement of 150 pints of blood each day of the visits.

This would mean, according to Mr. Keller, that at least 170 persons will be needed each day or 340 persons for each two-day visit of the bank, since a certain percentage of volunteers is rejected because of failure to meet the physical requirements.

It is felt by those in charge that when citizens of the community in general realize that there can be no more direct manner of participation in the war effort for those left on the home front, the response will more than meet the personnel requirements.

WARRANTS ARE ISSUED

Warrants have been issued for the arrest of 17 persons, involved in the old oil land swindle, in Philadelphia Federal Courts. The prosecutors alleged that they owned lands in Warren, McKean and Bradford counties and their salesmen offered land which it was said would pay good dividends. Some of those who bought land became suspicious when requested not to record their deeds and made information through postal authorities.

PLANS FOR SMALL PLOTS

The State Council of Defense Victory Garden Committee today urged that every one possible plant a garden this coming summer. Those with only a small garden space are asked to concentrate on tomatoes, carrots, beets, lettuce and string beans. These vegetables are said to be the easiest grown in small space. More space is needed for such essential foods as sweet corn, peas, lima beans and potatoes.

CHECKING POSTPONED

Under an order of the Public Utility Commission gas meters need not be checked every five years for accuracy and the allowance for error in recordings is increased from two to four per cent. The PUC altered the new order effective to December 1st, because of a War Production Board ruling barring the use of tin-bearing solder on gas meter repairs except in case of meters found inaccurate within a range of four per cent.

WANT SHORT WAVE SETS

In an effort to procure short-wave communication and photographic equipment needed by the U. S. Signal Corps, Army Services of Supply, for training and operational purposes, a special purchasing mission is being conducted to buy such equipment from radio and photographic amateurs in the Third Service Command, which includes Maryland, Pennsylvania and Virginia. Similar missions also are being carried out in the other service commands, the War Department has announced.

HAS PURCHASED STORE

Mrs. Gertrude Feeney of Russell has announced the purchase of the Henry Wesner store in that place. Mr. Wesner has been in business in Russell for the past fifteen and a half years and is well known all through the section and the establishment has built up a fine reputation in his years of business.

Citizens of the county wish Mrs. Feeney the best of luck in her business venture and it is hoped she makes as much of a success as Mr. Wesner.

Mr. Wesner will leave shortly to join his wife who is in California.

Dads and Sons Meet Tonight At Banquet

Rev. Lee D. Smith, pastor of First Methodist church in Jamestown, will be guest speaker this evening at the annual father and son dinner at Grace Methodist church, sponsored by the McCurdy Men's Class and served by women of the parish.

Rev. Smith, son of Dr. B. A. Smith, of Brookville, is a nephew of Mrs. Harold Knappenger and formerly resided here when his father had the Grace church charge.

William Smith, McCurdy Class president, will give the toast to sons and the toast to dads will be given by his son, William Smith, Jr.

Special musical numbers will be selections by the male chorus and trumpet duets by Charles Ryan and Harold Knappenger, Jr.

This affair, for which all must bring tuxedos, usually attracts about 150 men and boys of the church and is one of the pleasant social events of the midwinter calendar.

COMMUNITY UNITS

Warren Community, No. 63, Knights Templar, and the Ladies' Auxiliary enjoyed a tureen dinner in Masonic Temple last night, followed by business sessions of both groups.

OFFICER HAS ORDERS

Dr. A. Follmer Yorg, Liberty street, who has just been granted his commission as lieutenant senior grade in the U. S. Navy, has been ordered to report March 8 at the Charleston, S. C., yards and will leave here on Saturday.

STREETS WERE SWEPT

During the hours of night and early this morning the street department turned loose the street sweeper on the thoroughfares of the city and this morning the streets looked much cleaner than they have since the snow melted. Cinders and dirt littered the streets during the past few days and the manure from much attention today.

OFFICERS ELECTED

Officers of the North Warren Fire Department have been elected for the coming year as follows: F. M. Geer, president; Chris Pepke, vice president and L. E. Seavy, secretary and treasurer. Orrin Loper, Gerald Rickerson and Cliff Christie were chosen as trustees. The company is now settled nicely in their quarters which are being purchased and the new truck is well equipped and ready for action.

A MESSAGE FROM DR. ALBERT EINSTEIN

THE INSTITUTE FOR ADVANCED STUDY
SCHOOL OF MATHEMATICS
PRINCETON, NEW JERSEY

It is hard for me to believe that anyone needs to be convinced by what anyone else says, that in our present situation we must each make our money to serve the common good. If this war does not end in success for our side, then the world will be a thing of the past, and with it our money possessions. The truth, the Belgians and the Dutch have learned by experience, that every individual starts, willingly or unwillingly, in his own person and all the time, in the misery of the whole people. So it is quite simply a counsel of common sense to put every dollar we can possibly spare at the service of a defensive war, since the fate of every one of us immediately depends on its successful outcome

Letters to the Editor

Star Route, Irvine, Pa., Feb. 20, 1943.

Editor Times-Mirror, Warren, Pa.

Dear Editor: Would like you to print the following letter regarding the big scrap drive which terminated with the Harvest Picnic last Sept. 25, and would be interested in learning if any one else had a like experience.

I gathered 3450 lbs. of scrap iron which was called for at my home by a regular junk dealer for which I received the regular price in cash, but which was to have been credited to my garage.

In addition to this I delivered the following to the designated scales and received weight receipts which were turned over to the salvage committee as per instructions.

88 lbs. copper, 10 lb. white metal, 37 lbs. aluminum, 435 lbs. scrap iron.

For this I received, through my garage \$3.46, while had it been taken to a regular junk dealer, I would have received the following:

88 lbs. copper at 5 cents . . . \$ 4.40
10 lbs. white metal at 5 cents . . . 50
37 lbs. aluminum at 10 cents . . . 3.70
435 lbs. scrap at 50c cwt. . . 217

While I would willingly have donated this whole amount to our government I do, however, object to being forced to donate it to some junk dealer or other parties who handled it, and will also say that such tactics are not very encouraging to scrap drives, as in addition to the small amount received, we had to wait around 4 months for that.

Respectfully,
E. G. Cross.

J. Albert Johnson read an article, "Breakdown of 1943 Food Program Due to Lack of Planning" Mrs. Mabel E. Dallas read a letter from Congressman Leon Gavin and Director E. M. Groat talked on the problems of sufficient food to win the war and write a just and durable peace, saying that American and Canadian farmers can do a job to win the war that no others can do.

The following resolution was presented and ordered sent to U. S. Senators Joseph Guffey and James Davis, to Congressman Leon Gavin and Secretary Claude A. Wickard:

"Resolved that we ask Congress to use their power to immediately stop the tampering with the nation's food supply by Bureaucrats in authority in Washington and that congress may regain some of its lost powers and insist upon a sane and workable agricultural program, using the experience of farmers for generations; to the end that at this late date American farmers may be allowed to produce food products so essential to winning the war and saving civilization and America for the future."

State Legion and Auxiliary Leaders Speak At 25th Annual Birthday Party of Local Groups

Over 150 members of the American Legion and Auxiliary members of Chief Complanter Post No. 135 heard Department Commander Dan Hartbauer warn them of dangers attending upon a negotiated peace. He spoke at the annual George Washington birthday dinner at the Legion Home last night.

Other speakers at the meeting, which also observed the 25th birthday of the American Legion, were Department President Mrs. Archie W. Miller, of New Cumberland, and William Hagenitz, veterans' representative of the War Production Board. A score or more prominent members of the Legion and Auxiliary were present to help the local group observe its annual dinner.

Commander John E. Meade brought greetings from Chief Complanter Post and urged the Post to secure at least 40 new members that it might pass the membership of last year. Mrs. Elmer Munksgard, president of the

Novelty of Instrumentation Is Attraction in Wednesday Recital by Salzedo Ensemble

The recital to be given at 8:30 Wednesday evening in the Woman's Club auditorium by the Salzedo Concert Ensemble is being keenly anticipated by members of the sponsoring group, the Warren Concert Association.

This third and last attraction on this year's schedule provides opportunity for hearing an unusual combination of instruments, two harps, flute and cello. The ensemble takes its name from the founder, Carlos Salzedo, foremost harpist in the country and commanding figure in the world of music. The other harp is played by his gifted and beautiful young wife, Marjorie Call Salzedo. Rene LeRoy, recognized as one of the finest contemporary exponents of the flute, and Janos Scholz, distinguished cellist, complete the group.

Russian Music For Meeting of Philomel
Following up on an interesting study of Russian music at last Wednesday's meeting, Miss Evelyn Samuelson will present a program by that country's leading composers for Philomel Club members tomorrow afternoon at 2:30 at the clubhouse.
Hostesses for tea to follow the program are Miss Anna Snyder, chairman; Mrs. J. A. Davidson, Mrs. John R. Cable, Miss Madeleine Lehnman, Mrs. Nellie Horton Schwing and Mrs. William S. Harris.
Numbers announced by Miss Samuelson are as follows: Two pianos, Troika by Tchaikovsky; Mrs. Alice Russell, Miss Samuelson; Spanish Caprice by Moszkowski; Miss Mary Blocher; vocal, Cossack Love Song and The Crimson Sarafan, folk tunes, and Legend by Tchaikovsky, Mrs. Anna Wilson; current musical events by Mrs. George Muir; Dance of the Bolshoi and The Demons Are Amused by Rebikov, Mrs. Harold Flowers; Barcarolle in A Minor by Rubenstein and A Song of India from Rimsky-Korsakoff's "Sadko"; Mrs. Wilson; Polka D. Social Events

CLARENDON WSCS
The WSCS of Clarendon Methodist church held its regular meeting with Mrs. Clara Nielsen, with an attendance of 16 members and 11 guests, eight of whom were from the Sheffield WSCS. Devotions were in charge of Mrs. Nettie Allen, after which the business session was held.

A report on local activities showed \$53 raised during the preceding month and the missionary secretary reported Sunday evening classes being conducted and much interest shown. Mrs. Lina Knight, acting chairman for the Red Cross project, announced 90 kit bags are being completed; also that \$90 in donations had been secured from Clarendon friends for filling these bags. The collection for this meeting amounted to \$37.

Hostesses were Mrs. Nielsen, Mrs. Taylor and Mrs. Carmony. The March meeting will be held with Mrs. Maude Hyer.

MOTHERS' CLUB
The February meeting of the Pre-school Mothers' Club was held Monday evening at the home of Florence Wagner, 10 North Irvine street. Guest speaker was Katherine Dawn Williams, who discussed various phases of ballet and interpretative dancing.

While playing the recordings "Dance of the Hours" and "Dance of the Waltz" she described the dances which are used to interpret the significance of the music. While it was generally agreed that children over five are better equipped than younger ones to start ballet dancing, she made it clear that most children would benefit greatly in poise and muscular control through training in this art.

Refreshments were served by the hostess and her assistants, Margaret Anderson, Geraldine Schmidt and Margaret Greenlund.

LEAVES FOR WEDDING
Mrs. W. R. Bairstow, 110 Market street, left yesterday morning for Washington, D. C., where she will be a guest at the wedding of Miss Jean Yang, of Washington and Warren, and Frank B. Leung, of Washington. The ceremony will take place Saturday afternoon in the Chevy Chase Presbyterian church.

SERVICE LEAGUE
Trinity Service League members will meet Thursday evening at 6:15 o'clock in the parish house, with Mrs. Harry Lewis and her committee in charge of the supper. Mrs. Wallace Cowden, program committee chairman, has arranged for entertainment to follow.

WSCS MEETING
The First Methodist WSCS will hold its regular meeting at 2:15 Thursday afternoon, dispensing with the customary thirteen luncheon as recently voted by the unit. Installation of officers will be a feature of the business session.

Girl Scouts Like To Work

Problems in living are the contribution Girl Scouting makes to youth. That's the secret of this movement's popularity—a popularity that now makes itself known in a membership of more than half a million girls. Girl Scout leaders know that the small child's mimicry of the adult is an expression of her desire to enter the grown-up's world. They set before their girls the kind of problems grown-ups have, suited to the development of their years. Above, for example, from left to right, a Brownie, one of the seven-to-ten-year-olds in Girl Scouting, sets a table just as mother does. She remembers to hold the bowl of the pitcher with one hand so as to pour the water without spilling. In the center, a Girl Scout, one of the ten-to-fourteen-year-olds, pauses in a study of the world, to laugh with a friend. Right, a Senior, one of the fourteen-to-eighteen-year-olds, takes on a job more nearly like one mother might do. She's putting the finishing touches on a couch cover.

Problem of the WIRE CAGE

BY JOHN DICKSON CARR

Chapter 30

UGH, in fact, had been so surprised to see Madge that he yelled louder than was necessary. Even so, he had not expected to see them jump. Madge instantly assumed the air of cold aloofness that puzzled him so much.

"I hope I do not intrude?" inquired Madge, with a crushing manner which again completely oozed Hugh. "I am under instructions, you see. I was asked to come."

"By the police?" inquired Hugh sharply, and Madge whirled on him. "I only mentioned it," he added in some haste, "because I was asked. By Superintendent Hadley. He says they're going to arrest somebody."

"We were all asked," said Brenda. "Hullo, Kitty. What's that you've got there?"

"It's a—a lock," said Kitty. "A lock," she went on turning it over in her hand. She pressed it, and the lock closed with a loud snap. "Madge here says it was on the gate when Frank was killed."

"You promised!" screamed Madge.

"Come inside here, all of you," Kitty said abruptly.

No air stirred under the poplars aside. It was quiet except for the buzz of a wasp which hovered over the tennis-court, circling and diving like a microscopic fighting-plane. The sun flashed on its rippled body. When they reached the pavilion, Kitty turned round in an air of decision.

"Now Madge my dear," she said, "I sympathize with you. I do. But you mustn't be stupid about these things. It was very wrong and foolish of you not to tell the police."

"Oh, you cat!" cried Madge, kicking away. You prompt me, Kitty seemed to smile and frown once, like a school-mistress. No, my dear, I didn't promise anything. And it can't do any harm to tell what you know, can it? After all, it isn't as though Archie told you what he said. It's a question of what's our duty, Madge."

Madge stared at her.

"Duty be bothered! I won't tell anybody anything!" She directed a defiant look at Brenda, who was puzzled. "I won't tell her anything. I don't believe the police knew it was all a flummox you up yourself. I won't!"

FIVE minutes later, sitting on the edge of the pavilion porch, he was again pouring out the story of Arthur Chandler. And Hugh, who had exchanged meaningless looks with Brenda, found the yarn taking form with deadly earnest. They were approaching something.

"And we were right!" said Hugh, smacking his first into the palm of his other hand. He felt it, excited, and, for some reason, tried to quieten about the stomach. "Chandler got those photographs there."

Kitty's voice was sharp.

"Photographs? What photographs?"

"He didn't say anything about any photographs," Madge complained. "Why don't you listen? It was going to take pictures of me, and Nicky, and anybody else. He said, 'be quiet, that's all.' And they were all quiet, for they heard voices. Bumping. Old Nick's wheel chair emerged from the opening in the poplars; and Nick's expression, which was the wasp, was one of deep satisfaction. Behind him mumbled Dr. Gideon Fell. Dr. Fell had put aside his cloak of his shovel-hand. He wore a

Youngsville Man Given An Air Medal

According to an Associated Press dispatch from Somewhere in Australia, Tech. Sgt. Clair B. Wilcox, of Youngsville, one of four Pennsylvanians awarded the Air Medal for meritorious achievement by Lt. Gen. George C. Kenney, commander of Allied Air Forces in the southwest Pacific area.

The citations were given for participation in operational flight missions from December 8, 1941, to November, 1942.

Others receiving the honor along with the Warren county youth were two Oil City men, Sgt. James R. Carr and Cpl. Richard D. Copley; also Sgt. Lee H. May, of Shamokin.

Thugs Slay Store Keeper In Hold-up

Youngsville, Feb. 23 — David Swanson, one of Youngsville's well known business men, received late Friday night the news of the death of his brother Ernest J. Swanson, and left very early Saturday in company of other relatives for Jamestown, N. C. Ernest Swanson, well known to many in town as his parents resided here for a time, was killed in Jamestown, N. C., when two young men entered his store, and when he started to get them the goods they asked to see one of them shot him fatally and both dashed from the store.

Apparently they intended a hold-up and then for some reason did not carry through the robbery but committed murder.

Mr. and Mrs. Norbeck, who reside near Sugar Grove, Mrs. Norbeck being a sister of the deceased, left about four a. m. Saturday for Jamestown, N. C.

At the time they left here, they had not been informed as to funeral arrangements, but it is thought the funeral and interment were in Jamestown, N. C.

50 MILLION AMERICAN WORKERS

*Can't be
Wrong!*

Listen, Adolf, Benito and Hirohito!

I'm only one out of 50 million, but I'm here to tell you that you've got us *workers* to reckon with, too. This is *our* fight as much as it is our soldiers', sailors', and marines'. And we aim to win this war.

In any war of machines, you're playing *our* game. No one can beat us when it comes to doing a quick mass production job on planes, tanks, ships. Not when we set our minds to it.

I head a welding crew, part of America's great shipbuilding program. We're already ahead of schedule, and going faster every day. In twenty years of welding all over the country, I've never seen a gang working as hard or as well. They are inspired to give their last ounce of effort because they know how necessary this is to destroy you and what you represent.

That's why, too, they are willing to save more than they ever did before in order to buy War Bonds. At least 10 percent of their pay every payday goes to smash you once and for all.

Our employer makes it easy for us to buy War Bonds on the Payroll Savings Plan, and every man is signed up. Well, why not? No working man—or any other American—would miss this chance to serve his country and to safeguard his home, his family, and his freedom, now and in the years to come. Because we not only help to win the war by buying Bonds, we get \$4 for every \$3 we invest, when we hold the Bonds ten years.

Every man, woman, and child putting every dollar in Bonds, every effort in work—that's the way we're welding America's strength for victory. And that's the way we'll beat you, Adolf, Benito, and Hirohito!
